Food and Drug Administration  
Docket #00P-1211/CP1  
5630 Fishers Lane – Room 1061 (HFA-305)  
Rockville, MD 20852  
Attn: Jane Henney – Commissioner

Dear Ms. Henney:

I am writing to ask you to require that no new genetically-engineered foods or products with genetically-engineered ingredients be released until the Food and Drug administration requires long term safety testing of all genetically-engineered foods before they go to market.

Also, I feel that all genetically-engineered presently on the market should be labeled, giving consumers the right to know what's in the food they are eating.

Sincerely,

Richard L. Ziemann
